ACUPUNCTURE CONSENT FORM

I hereby request and consent to the performance of acupuncture and other procedures related to acupuncture if necessary, including moxabustion, cupping, electro-acupuncture, Chinese herbals and other techniques within the scope of acupuncture. These procedures may be performed by Dr. Katie Li-Broussard and/or Dr. Jonna McQuade.

I have had the opportunity to discuss with the registered acupuncturist and/or with other office personnel the nature and purpose of acupuncture care and other procedures. I understand that the results are not guaranteed.

I further understand and am informed that in the practice of acupuncture, as in all health care, there are some slight risks to treatment, although all needles are pre-sterilized and disposable. These risks include, but are not limited to, temporary soreness, bruising, blistering, nausea, fainting, bleeding, infection, and shock. I do not expect the acupuncturist to be able to anticipate and explain all of the risks and complications and I wish to rely on the acupuncturist to exercise judgement during the course of the procedures which the acupuncturist feels at the time, based on the facts then known, are in my best interest.

I have read the above consent. I have also had an opportunity to ask questions about its content. By signing below, I agree to the above named procedures. I intend this consent form to cover the entire course of treatment for my present condition and for any future conditions for which I seek treatment.
